FOUR GENERATIONS OF WINEMAKING

17 TREES SHIRAZ

Variety Shiraz

Region Rutherglen

Season 2020 will be regarded as one of the most eventful vintages on record. Whilst the actual harvest period went without incident, the lead up to vintage will be remembered as one of the most stressful summer periods in Rutherglen's history. February and March had average temperatures meaning the fruit was picked in good physical condition and ripeness levels.

Tasting Notes Deep purple with a lovely bright edge. Dark cherry and rich chocolate oak aromas. The palate shows more dark berry richness and generosity with a supple tannin finish.

Winemaking Harvest took place when the berry flavor and tannin profile were ideal for the wine style. The fruit was crushed /destemmed into fermentation vats for fermentation over the next 7-10 days at ~25°C to extract maximum flavor and color. Then 3 months of wine maturation with a combination of American and French oak.

Wine Analysis Alc/Vol: 14.5%, pH: 3.69, TA: 6.90g/L

Size: 750 ml
