### Premium Olive Oil

In 2005, we inaugurated our olive oil facility, incorporating the latest state of the art technology to process our rapidly increasing olive crop and to produce premium quality olive oil.

Our Ichanka Premium Extra Virgin olive oil is composed of a blend of our finest varieties. The Arbequina gives the blend intense aromas of fruit, the Picual provides freshness and spice while the Barnea adds a touch of sweetness to the blend. Finally, a little bit of Arauco is added to enhance the outstanding features of the rest of the varieties.
